Native Police Barracks or Gymnasiums

An Article which appeared in the Mysore Vrittanta Bodhini of the 9th October 1875 bringing to light certain evils and irregularities which are being carried on in the above institutions having attracted the Chief Commissioner's notice, the attention of the Dy Comm. of the Bangalore District was invited to the article in question, and he was requested to ascertain the veracity of the statement therein made, as to the character of the persons who resorted to those places.

2. After exposing the ill effects of the present system under which these institutions are carried

on

the Editor in the Article
question suggests
that some legal enact-
ment should be passed
for the management
of these Gymnasiums
and that no Gymnasium
should be set up without
special permission
from the head of the
Police Department.
3 The Dy Commr reports
that the Article
in question tho' somewhat
exaggerated truly des-
cribes the "Talim Khanas
as being the resort of
many bad and turbulent
characters. That the
subject has for some
years past engaged
the attention of the
Magistracy, and rules
have been published
under the authority of the
Chief Commissioner to
bring them under control.
But in his Opinion those
rules are defective in
as much as no penalty
has

No. 596 of 29. Acts 75.

has been laid down for keeping Talimtkhanas without license. He therefore recommended that the license should be renewed yearly on a fee of ~~Rs~~ 12, also that the building should be in a locality sanctioned by the District Magistrate who should Consult the Police on the subject. In the rules it is Contemplated that the initiative should be taken by the Commissioner, but Mr Ricketts thinks the District Magistrate should be the Authority, and that in all Case applications should be made to him for the grant of a license or renewal of one. That the President Municipal Commissioner could hardly take upon himself to issue and renew licenses without first Consulting the Sub Magistrate and the Police, and that

these

these enquiries are in fact in the province of the District Magistrate.

4 Mr. Ricketts adds that if these Salimkhanas are duly controlled and regulated he does not see why they should not carry out the object for which they were originally established viz the encouragement of manliness in Natives and especially among native youth.

5 The Dy Commrs letter was forwarded* to the Commissioner Nuddea for remarks.

6 The Commissioner concurs with Mr. Ricketts that licenses should be renewed annually on payment of a small fee, and suggests that some alternative punishment should be noted for a breach of this rule or any of the Regulations published

by the Chief Commissioner in Notification of 19th Dec. 1874 and he is further of opinion that the buildings should be periodically inspected. The Commissioner further agree with Mr. Ricketts that all application for Licenses should be made to the District Magistrate direct.

In Rickett's proposals may be sanctioned and that Licenses issued by him hereafter - A draft form of License may be submitted containing provisions for periodical visits to buildings by the Govt or by his authorized agents -

Sir,

I have the honor by direction of the Chief Commissioner to acknowledge the receipt of your letter No 552/187 of the 11th December 1873, reporting on a petition from one Surdar Kuppiah complaining of his grain room having been closed by the Municipal Board at Seringapatam.

No Pol 27 dated 1/4

2. In reply, I am directed to observe that there can be no question as to the objectionable character of Salimkhana like the one in question, and the necessity for limiting their numbers can

therwise controlling them. The Municipal Rules received with your Docket No 180/275 of the 27th March 1874 are silent on the subject, and it appears to the Chief Commissioner that the Municipal Board have no authority to suppress such institutions, and there appears therefore to be no legal mode of dealing with the matter at present; unless the facts warranted the Police indicting the owner of any of the Salim Khanas for a nuisance, and when the Magistrate might deal with the matter.

In these circumstances, the Chief Commissioner suggests that this class of places be brought under a License System that a rule may be proposed with that

object. The fee (Gerned)
need not be large, but
the terms of the License
should, I am to observe
empower the Board to
suppress the concern
whenever the condition
on which the License
was granted were broke

Sir

I beg to acknowledge the receipt of Copy of Correspondence marginally noted, and thanking it as well that you should be informed of the steps, I have adopted in this Town, I have the honor to report that during the past year a very large number of "Valinkhanas" or "Gurdens" existed, and for the most part were the haunts of all the bad characters in the Town, a great deal of gambling, Cock-fighting and other demoralizing practices were carried on; in order therefore to insure proper surveillance on the Police, as also to regulate all such places, I drew up a draft of rules for the guidance of all proprietors of such institutions, a Copy of which I affixed. Dated Mysore 9 Sept. 18

Sir,

In acknowledging receipt of your Docket No. 1852/76 dated 11 June 1874. I have the honour to state that Palinkhanas in the Town of Mysore are used by the resort of bad characters and the pivoting of different schools cause breaches of the peace particularly during the seasons of festive festivals.

2. On looking through the records and considering the powers vested in the President of the Municipal Board, I find that he cannot issue orders affecting these institutions, and the Criminal Procedure Code contains no provision for demanding security from the proprietors. The Town Magistrate can interfere only when cases are

41

are brought before him ju-
dicially under the provisions
of chapters XXXVII and XXXVIII of
C. P. C. and orders the suppression
of these institutions when they
are likely to cause breaches of
the peace. Under these circum-
stances I request that upon
will be good enough to obtain
the sanction of the Local Govern-

V of the Rules and Regulations

Sir,

With reference to your docket No. 282 of the 6th Instant and its enclosure, I have the honour to state that Section 6 of the Rules copy of which has been submitted to you is in accordance with the terms of para 5 of Major Campbell's letter No. 247 of the 29th May 1872 to the address of the Deputy Commissioner of the Mysore District.

2. It having been brought to my notice that the Inhabitants of this Town were for the most part the resort of disorderly characters, & in view to bringing these institutions under a systematic supervision framed a set of Rules, basing them entirely on the terms of the above quoted letter from Major Campbell, providing a clause requiring 2 Sweepers in Rs. 50 each from the Proprietor of every Tale-mukhaud.—

3. The Security is quite passable and such as every respectable Master can furnish without any difficulty. And there is no doubt but that the general character of the pupil is bad, and no respectable) name will stand Security –

The Security asked for is, I am of opinion, much needed, otherwise there is no guarantee that these Regulations will be properly Conducted.

I have the honor to acknowledge the receipt of your Circular No. 45 dg 6th May 1874, forwarding Copy of the Secretary to the Chief Commissioner's No. 470/25 regarding the suppression of Talimkhanas.

2 - In reply I beg to append Cs Copies of reports received from the Town Magistrate of Mysore and the Presidents of the Seringapatam and Hoonsoor Municipalities.—

3. The steps taken by the Town Magistrate of Mysore appear to be most judicious, and to have been attended with the best results. The regulations which he has made might be adopted generally, the only addition which I would propose is a rule requiring that the proprietor of the talimkhana should be required to exercise his influence to prevent fights between his pupils and those of rival talimkhanas, and should Cs fights occur, without due intimation being given

given to the Police, he will run the risk of having his license withdrawn.-

4.- As talimkhanas may be subject to the payment of house tax no special license fee appears to be needed. Such gymnasia deserve to be encouraged as affording healthy exercise to native youth, and require only to be guarded from becoming a resort of bad characters.-

5.- Some of the best wrestlers come from the Nanjungode and Chamaraj: nuggur Talooks; where there are now ten talimkhanas. There are very few talimkhanas in any of the other Talooks of the District.

or "ghurdies" existed, and for the most part were the haunts of all the bad characters in the Town; a great deal of gambling, cock-fighting and other demoralizing practices were carried on; in order therefore to insure proper surveillance on the part of the Police as also to regulate all such places, I drew up a draft of rules for the guidance of all proprietors of such institutions, a copy of which I append.

Since these orders were issued not a single proprietor has been enabled to furnish the security required; a fact which speaks for itself, and the result has been that all such places are closed, and as far as I am aware, no complaints have arisen, notwithstanding that both the Holé and Moharram have taken place since these orders were issued.

I would further beg to observe that every respectable Mahommedan or Hindu I have spoken to about it, have expressed their entire satisfaction. My own experience has been that a great deal of crime has thereby been checked.

To,

The Deputy Commissioner

Sir,

With reference to your docket Circular No. 21 of the 28th instant and its previous references, I have the honor to state that keeping more Salinkhanas than one for a town like Seringapatam and Gauyam is nothing but cherishing mischief and making the duty of the Police force threefold difficult, I am glad to find that yourself and the Commissioner are against having more than one Salinkhana, but as the Chief Commissioner with appears to be otherwise and he directs that the Salinkhanas should be allowed to remain subject to certain rules on pain of being closed on an infringement of the same, I have nothing further to say. But at the same time I am forced to say, as part of my duty that whatever the rules likely to be framed may be, it will not have the effect of breaking up the rival clubs & their party feelings.-

2:- We can only close a Salinkhana when there is anything done in it

Contrary to the rules, but then it is not in a Kalinkhana that mischief is created, nor can the Kalinkhana itself ever prove a nuisance, it is the different gangs of person who attend the several Kalinkhanas that cherish ill will against one another, and it is between them that street fights generally occur, such things which may be caused by one or two members of a Kalinkhana will not, I consider, justify the close of the Kalinkhana to which the party belonged, he can under the Penal Code be punished for affray or the most riot, and even if a rule be framed to the effect that any one person of one club found guilty of fighting with one of the other clubs, will be considered to have given sufficient cause for the closing up of either one or both clubs I do not consider that when such a thing does happen we will be free from the vexations petitions from other members of the clubs, and it is uncertain what view the law may then take as to the justifiable nature of such a rule. -

3. - I would therefore leave it to yourself and the Commissioner to frame any rules which you may consider will tend to preserve peace in towns. -

Sir,

Adverting to your Circular Memo No. 15 of date the 16th instnt calling for a report anent fencing rooms, I have the honor to submit herewith (in original) for your information the Canarese correspondence that has passed between me and the Amildar of Periapatna on the subject, & in reply beg to state that there are at present no fencing rooms within the Municipal limits of the town of Hoonsoor.-

2.- From the Amildars report it may however be gathered that there were formerly two fencing rooms in Hoonsoor closed only about two years ago, and that the chief or headman of one of these late fencing rooms have agreed in writing to obtain a license in the event of there being a necessity for the re-establishment of the same.

3.- The Amildar suggests that in case such institutions are again established, a fee of Rs 3 may be imposed on each institution & that they be brought under

the

the immediate control of the Municipal authorities, in which view of the case I quite concur with the Amildar.-

4.- It may not perhaps be out of place to mention here the existence of two Ashoorkhanas at Hoonsoor or places where Punjahs are kept during the prevalence of the Moharrum, where as previously marked by Major Magrath men of bad character, especially Musselmens generally assemble with some evil design, such as the late riot, and it behoves the Police to keep a strict watch over these places when ever occasion may arise.-

Sir,

I have the honor to acknowledge the receipt of your docket No. 4661/665 of the 26th of September last, forwarding a copy of Rules for the guidance of Proprietors of Talim-Khanas in the town of Mysore, and requesting my opinion as to the desirability of introducing them into this Division.

2. In reply I beg to state that it seems desirable that institutions of this class in the fauxbourgs and Town of Bangalore should be placed under some control, as they are supposed to be the resort of bad characters.

3. I am of opinion that the rules

rules referred to with the additions
noted in the margin, will be suitable and will answer the purpose. each Talimthanas should furnish a list of persons attached to each Talimthana to be furnished to the Police and kept corrected &c.
I think pay a fee of one rupee monthly.
2. No intoxicating liquor or drug to be allowed to be brought into the premises
4. It has been suggested that what are called "Bajanay" houses should also be brought under similar regulations.
3. No meeting to be allowed to take place inside the building.
5 These "Bajanay" houses are meeting places of persons composed of all sects of Hindoos including Brahmins and considered "Religious Societies" they are generally maintained by subscriptions and at the meetings the religious exercises consist in singing songs with music in praise of Vishnoo or Siva, they are kept up throughout the night and at the close, sweetmeats &c., which have been brought as offerings, are distributed among

6. I do not however think it necessary that these Bajaary houses should be brought under the rules proposed for Talien-khanas, it would perhaps be sufficient if registration only of those in existence were to be made compulsary and no new ones allowed to be opened without the previous sanction of the District Magistrate.

THE MYSORE VRITTANTA BODHINI

NATIVE GYMNASIUMS.

AMONGST the many social evils to which the lative community is subject not the least is the xistence of Gymnasiums, or *Guridés*. These laces are supposed to instil a spririt of courage nd manliness into Native youths, and many arents, under this delusion, permit their sons to ttend these Gymnasiums, and expect that they ill turn out young men well trained and disciplin- d to all manly exercise.

But there never was a greater example of ad delusion than these *Guridés*. What is nnocently supposed to contribute towards the levelopement of the human form and to add to its trength and muscle, is made a vehicle for the ndulgence by the youths who attend these so called Gymnastic School, in every form of vices and even rime against the state. In these *Guridés* men of various classes, dispositions, and temperaments, ssemble during the day, but especially at nights.

There is generally, amongst the band, one old hand who is the leader and the guide of the proseedings, designated, *the vusthath*. It would indeed be a very beneficial result if the youths who assemble at these Gymnastic Schools were taught, simply and purely, a love of manly exercise and sport. But we regret to say that thsse *Guridés* are made the resort for the most villanous proceedings. Instead of the members of these schools of exercise devoting themselves to the discharge of the legitimate object with which they assemble, they, as a rule, are guilty of some of the most heinous offences which can disgrace humanity.

The youths who assemble at these Gymnasiums, not unfrequently, employ their time in such vices as planning robberies in their neighbours' houses, assaulting and molesting inoffensive passers by the street, wreaking private grudges against those who they fancy have given them offence. and even going so far as attempting the

IV. Printed Rules and Regulations for Salem Khanas have since been promulgated by the Chief Commissioner with the object of bringing them under control, but they are defective in that there is no penalty attached for keeping a Salem Khana without license. There should also I think be a direction in the rules that the License should be renewed yearly, say on a fee of 12 Rupees. It is that the building should be in a locality sanctioned by the District Magistrate, who of course would consult the Police on the subject.

V. In the rules referred to I observe that it is contemplated that the initiative should be taken by the Commissioner; but I think the appropriate authority is the District Magistrate, and in all cases I think application should be made to him for the grant of a license. The President of the Municipal Commission could hardly take upon himself to issue and renew licenses in the Town and Cantonment without first consulting the Sub Magistrates and the Police, and these enquiries are in fact in the province of the

Suggests certain additions to the Taluk Khana rules

" " "

The Taluk Khana rules of 7th Feb 76 appear to have issued (R.C.'s authority. They do not purport to have the sanction of) India. If that is so possibly the reason why no penalties are provided is that C.C. has not the power? Breaches of conditions of licence are made to entail forfeiture of security. It is purely a police matter & if the Police find a Taluk Khana without a licence or they order it to be closed & the proprietor does not

Sir,

I have the honor to state that in a recent case, the Judicial Commissioner set aside a conviction of a person who had been convicted and fined for opening a Toddy Khana without licence, on the ground that no penalty had been prescribed for such offence.

2- On referring to the

Chief Commissioner's Notification dated 9th February 1876, containing the Revised Rules and Regulations for Jalmi Khanas, it will be observed that there is in fact no penalty laid down for opening a Jalmi Khana without licence; therefore, to the end of Rule 3, it appears necessary to add some such words as the following, "and "if the proprietor or proprietors "so keep the Jalmi Khana open "without a licence, he or they will "be subject to a fine not ex- "-ceeding 100 Rupees."

3 - Rule 5 provides for other breaches of the rules being visited on the sureties, but not on the licence-holder or pro- -prietor; therefore, it would seem advisable, to add to the end of Rule 12, words to the following effect, "and to a fine not

It appears that the Talimkhana rules are inoperative because no penalty attaches to keeping a talimkhana without license & it would not even be legal to close an unlicensed talimkhana forcibly. One of two things should be done either give up the attempt to regulate Talimkhanas at all or get the sanction of Govt to the rules with a penalty attached

There will probably be a memo record written at the time these rules were framed. Before applying to Govt (as the C. has ordered) to sanction rules containing a penalty it may

for disobeying such an order.

2. In reply, I have to state that I do not think that it would be legal for the Magistrate to issue such an order, unless it was shewn in each case, that the keeping of the Salimkhana was a public nuisance, within the definition of Section 268 of the Indian Penal Code, or unless the circumstances brought the Salimkhana within the provisions of Section 518 or Section 521, of the Code of Criminal Procedure.

3 If such circumstances were shewn to exist, disobedience to an order issued by the Magistrate would be punishable under Section 188. Indian Penal Code.

Sir I am directed by the C.C. to forward for the sanction of H.E. the V. & G.G. in C. a set of rules for licensing and regulating talim-khanas or gymnasia in the principal towns of Mysore.

I am desired to explain that in the year 1873. it was generally reported that the gymnasia of many towns in Mysore under cover of being schools for the physical training of native youths were really dangerous meeting places for the criminal classes, and the desirability of bringing them under

the supervision of the Police having been established a set of rules were framed and published by the C.I. requiring them to be licensed. Again in 1875 the subject attracted the C.I's attention and it was found that many houses of ill repute were still kept as taleem. Khanas owing in a great measure to the provision of one of the rules that a house once licensed remained so until the license should be withdrawn.

3. The rules were then amended by requiring the license to be renewed annually, by requiring a

a higher fee and by making the licensing officer in all cases the Deputy Commissioner of the District. These amended rules were published as Notification No. 265 dated 9th February 1875 at page 28 of the Rangoon Gazette of the 12th idem, and they are in force up to this day.

4. Though these rules have answered well, and have been the means of enabling the Police to exercise the requisite supervision over the talaing-khanas of the towns where the necessity for supervision exists, they have one serious flaw in that they provide no penalty for the breach of them. A talaingkhana will not

be licensed until security is given by the proprietor, and then for breach of the conditions of the license, the security may be forfeited, but there is no penalty for keeping open a gymnasium without a license, and the L.G. has not the authority without the sanction of the Govt of India, to impose a penalty.

5. For some time the bare fact of rules having been framed remains enough to prevent disobedience to them, and no doubt proprietors of talim khanas and others, are often ignorant of the fact that the law rules can be evaded with impunity; so much so that

in a recent instance
magte fined the proprietor
of a talimkhana for
keeping it open without a
license, but as this con-
viction and sentence
were illegal the Jud Com.
has set them aside, and
the necessity of providing
a legal penalty has
become obvious & urgent

6. The draft rules sub-
mitted have been framed
with a few verbal alterations
in accordance with the
rules of 1876 but pro-
viding for a penalty
on conviction of keeping
open a talimkhana without
a licence, and also a
penalty for breach of
the rules, in the case
of a licensed talimkhana.
The latter provision is

12
14

advisable Lam to say because it is made to include the actual manager or keeper of the talimkhana, who may be a different individual from the proprietor, viz. to the latter whereas is punished by the forfeiture of the security which under rule 6 he is required to furnish
